

Sunapee Carriage Shed

Old-world simplicity

LEFT CORNER VIEW

The Sunapee is a classic carriage shed-style garage. A throwback to the days of horse and buggy, the carriage shed can still be found in almost every New England village. The Sunapee is sure to be the perfect place to store your tractor, boat or classic car, and the classic lines look great in almost every setting. Cupola not included.

Timber frame barns are completely at home in a rural environment. They've been a part of the New England geography for centuries, after all! Brooks Post & Beam barns and garages are made primarily of native New Hampshire lumber; the walls can be composed of a simple, affordable layer of shiplap boards, just as they were 100 years ago!

Sunapee Carriage Shed

And while any timber frame structure will allow for flexibility, a barn can be even more versatile and responsive over time as your needs change.

Just move your partitions if you decide you want to turn your horse stalls into a parking area, apartment or art studio!
